

Dear Teachers / Students,

Greetings!

We are sure that you all must be eagerly waiting to attend National Women Parliament, first event of its kind. We are equally looking forward to receive you.

You would agree that to make such a large event successful, few basic norms are required to be followed. Therefore we appeal you to observe following:

1. Teachers accompanying the students should sit with the students throughout the program.
2. Teachers are to take full responsibility of their students' safety and security.
3. In case of difficulty, contact volunteers / officials for help.
4. Teachers along with students should occupy the seats one hour before the program. Due to large number and security, you may take long time to enter the pendal.
5. Teachers should ensure that students do not leave pendal and loiter around disturbing the program.
6. Teachers and students must carry / display Identity cards and also have a proof of identity.
7. Do not litter the area. Throw all disposable things and garbage in the bins provided.
8. Cooperate with security staff. In case of any emergency follow the instructions of designated officers.

Thank you. Anticipating your full cooperation.

Team NWP
